UbuCon Asia 2021

- Developed Since February 2015
- Why? No good system for ticketing + speaker handling
- Unhappy with proprietary systems
- FOSSASIA Summit 3000-4000+ pax

Getting Here

The FOSSASIA Summit 2019 is an exciting Open Technology event for developers, students, and start ups using open source to build up their businesses. It is a unique opportunity to share the latest innovations in open source technologies and meet contributors and potential partners. It will take place once again in Singapore from March 14 - 17, 2019.

Since the first FOSSASIA meetup in 2009 in Ho Chi Minh City, FOSSASIA has taken the lead to organize Free and Open Source Software conferences in Asia. Past FOSSASIA events have attracted thousands of participants, speakers from 41 countries, and hundreds of volunteers. The FOSSASIA Summit has an over the average participation of female technologists.
