Some things that we could do better or improve

- Going back from Gather town to Eventyay were not smooth for some people.
- Not much people participated booth swag lottery
- Maybe something easier way or easier activity next time?
- Some mistakes: Forgot to set pre-recordings from private to unlisted before the event
- Booked Gather town for 150 people but only 30~35 people used on the same time.
- BOF sessions: In-formal discussion session that any attendees can organize and join on-demand. We had no BOFs this year.
